

Five Reasons Why *Synergy Resources* Can Profit Your Business

flexible, responsive, competitive

Quick Convenient Financing

Thinking of buying new equipment? It is easy to establish a line of credit up to \$75,000 with our one-page application. In most cases we'll have a credit decision back to you in four business hours. We can also pay your equipment dealer within 24 hours of receiving all necessary documentation.

100% Financing

No down payment required when financing equipment through Synergy Resources, and soft costs can be rolled into the agreement. Soft costs may include installation, training and software.

Working Capital

Synergy Resources offers the ultimate in cash flow protection. In addition to 100 percent financing, qualifying customers may now add financing up to 25 percent of their equipment cost to the finance agreement to be used for working capital.

Questions?

Contact your local bank representative for more information or call 800-621-3106 x 4928335.

Flexible Payment Structures

Payments can be scheduled on a monthly, seasonal or semi-annual basis to keep pace with your business' cash flow.

Tax Benefits

Section 179 allows for a full tax deduction for qualifying equipment. The equipment must be placed in service by the end of the calendar year to be recognized for this benefit. The sooner you take advantage of these benefits, the faster you may realize cash savings that may significantly offset the price of new equipment for your business (consult with your tax advisor for details.)

*Subject to normal credit approval. We are not offering legal, tax, accounting or financial advice. Customers are encouraged to consult with their tax and accounting advisors for a clear understanding of how various equipment financing products could impact their specific business conditions
